What people are saying...

“These two ‘ladies of a certain age’ are crazy queens of slapstick — straight out of the Golden Age of physical comedy, like frantic heroines of silent movies. Their gags and misadventures will make America laugh again!”

— Ken Bullock
Bay Area Critics Circle

“These two gals are really funny. I can’t stop laughing. They’re a kick in the you-know-what!”

— Jack Hanson
Emmy-winning Bay Area TV personality

“Terrific concept. LOTS of laughs!”

— Donald Gold, National Field Rep Emeritus
Directors Guild of America

“Their filmed shorts show them as kooky, nutty, and fun-loving with the attitude “we don’t care what other people think” way of being — they’re a reminder to all of us to not lose our playfulness as the years continue on. They are refreshing indeed.”

— Luanne Mullin
